ART DOODLE

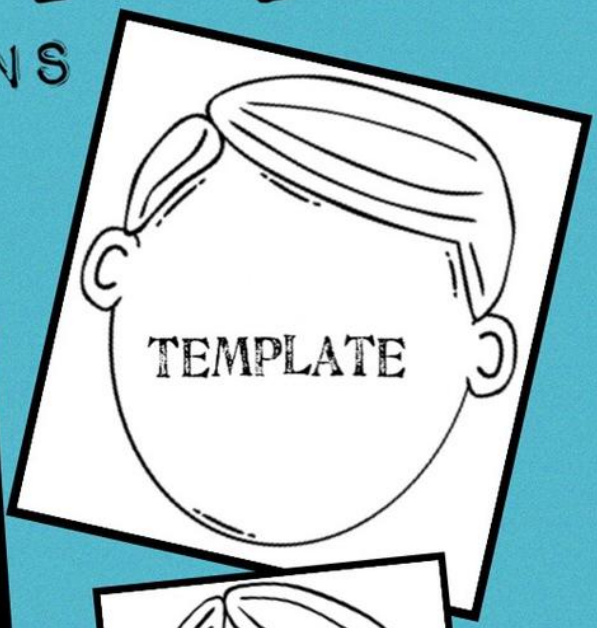
TASK INSTRUCTIONS

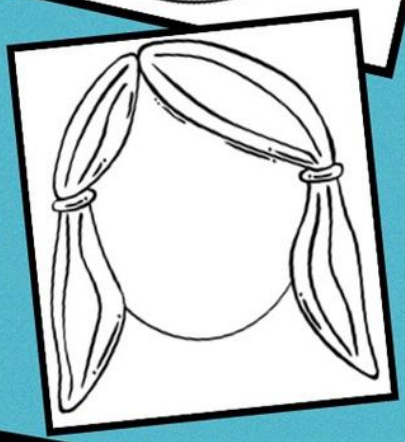
You will need to watch the Time-Lapse video that accompanies this task.

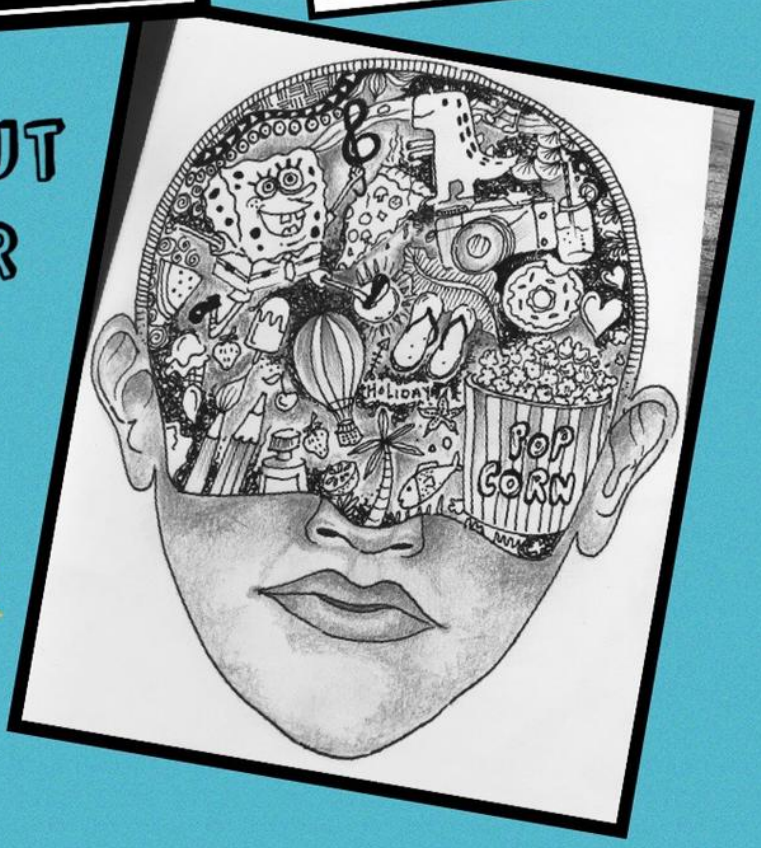
Step 1 - Find a sheet of paper. I worked on A5, which is half the size of A4.

Step 2 - Draw a basic head shape, but don't draw the eyes or much of the nose. I have added a little tonal shading but that's not essential (you can make the outline as complex or basic as you wish) - see example.

Step 3 - The blank section is for you to doodle all the ideas that are in your head. Think about your favourite foods, clothes, hobbies, holidays, pets, cartoon characters, patterns, sweets, favourite movie, subjects or even sporting events.







DON'T WORRY ABOUT HOW RANDOM YOUR DOODLES ARE. JUST HAVE FUN!
