Any other issues/points/factors to take into consideration:

-JHa and GBl have exported Item Level data from the Unit 1 exam which year 11 students sat last year. Classroom teachers will analyse this data to see whether the Section A is stronger than the poetry. If students have performed well on section A, the poetry NEA can replace the poetry requirement so students' best grade will be used here.

- Any students who missed one NEA due to COVID related restrictions will have the existing 2 components used to fairly generate the CDG
