

1st November 2021

Dear Parent/Carer

I have received the following information <https://gov.wales/self-isolation#section-83727> with regards Self Isolation which come in to affect from today.

In summary the main changes are:-

Fully vaccinated or aged 5 to 17

If someone in your household has symptoms or has tested positive and you are fully vaccinated or aged 5 to 17 you should self-isolate and [take a PCR test](#). If your test is negative, you can stop isolating.

Not fully vaccinated

If someone in your household has tested positive and you are not fully vaccinated you should self-isolate for 10 days. You should [take a PCR test](#) on day 2 and day 8. You should self-isolate for 10 days even if your tests are negative.

We appreciate that these changes will further affect individuals and families. We thank you for your support and please keep us informed if your child is absent or isolating from school.
