Virtual Balloon Race

Valentine's Balloon Race

Launched from Trevi Fountain in Rome

12pm 14th February

1st Prize £500 Cash

2nd Prize an Apple I Pad

10 Lucky winners of book tokens.

Due to the current coronavirus pandemic, we are unable to hold physical fundraising events, so we are excited to be taking part in the above simulated virtual balloon race with ecoracing.co. the worlds 100% eco-friendly virtual race platform, there is absolutely no danger to wildlife or the environment, this is a 7-day computer simulated race where everything is real, apart from the balloon.

For just £4 per balloon, you can join in the fun, personalise your balloon with colours, patterns and text and increase your chances by altering the parameters of your balloon, such as helium content, to suit the predicted weather conditions.

The software uses current live weather data to determine the progress of each balloon. Once launched you will be able to track your balloon's progress on google maps via ecoracing.co.

Please join us in this exciting virtual event and help us raise money for the benefit of the students of Castell Alun High school @ <https://ecoracing.co/user/page?id=2045> or use the QR code on the attached poster.

Good Luck!
