## Dear Parents and Carers,

Over the years, whenever we have asked for support with specific school projects, the response from our parent community has been incredibly generous. Thanks to that support, we have been able to improve outdoor seating, develop our grounds and enhance key areas of the school – (e.g. a cherry picker to fix our roof!) for which we remain very grateful.

At present, there are two areas where we are hoping parents or local businesses may be able to help once again.

### 1. Student Planners for September

For the next academic year, we are planning to introduce a more robust, high-quality student planner for all students. These planners will play an important role in school life and will be used much more consistently to support organisation, home-school communication, and students' development as effective, independent learners. The cost of providing planners of this quality for the whole school is approximately £3,000.

We would welcome sponsorship from local companies, either:

- a single sponsor for the whole planner (with recognition on the front page), or
- several sponsors contributing around £500 each, with company logos and acknowledgements included in clearly defined sections of the planner.

We are, of course, very open to discussion and suggestions around how this could work.

### 2. Reception Seating

We are also keen to improve the seating in our reception area. The current chairs have seen better days and do not reflect the welcoming environment we strive to provide. We are looking for six chairs, and wondered whether any parents or local businesses

may be refurbishing premises or replacing furniture and might be able to help, either by donating suitable chairs or advising us on a possible solution.

Any support, advice or contacts that parents could offer would be hugely appreciated. Please be assured that there is absolutely no expectation – we simply feel that by being specific about our needs, we give people the option to help if they are able to.

If you think you might be able to support either of these initiatives, or would like further information, please do get in touch with the school via the following email address- [main@castellalun.com](mailto:main@castellalun.com)

Thank you, as always, for your continued support of our school.

Mr. C. Ellis (Headteacher)
